Auditor's Report

COMMENTS

At your request, an audit has been completed of the financial records maintained by the officials of the Town of Waltham for the period March 1, 1968 to February 28, 1969.

ASSETS

The cash balance at February 28, 1969, was reconciled with the statement as furnished by the Union Trust Company. Receipts of cash are deposited intact with the bank. The cash balance at February 28, 1969, was $11,917.99, or an increase of $1,550.60 over the balance at March 1, 1968.

Unpaid taxes at year-end amounted to $12.28. This amount was paid in June, 1969. Tax acquired property was sold during this fiscal year and except for the $12.28, all taxes have been duly collected.

Accounts receivable amounting to $1,799.65 represents the amount due from the State of Maine Highway Department for snow removal and putting up snow fences.

LIABILITIES

As far as could be ascertained, there were no outstanding obligations at February 28, 1969.

1969 excise taxes were carried forward to the ensuing year per customary practices.

Departmental balances carried forward to the ensuing year per statutes and-or customary practices were as follows:

ANNUAL REPORT OF

Public Health Nursing Services

IN WALTHAM FOR THE YEAR 1969

The primary purpose of public health nursing is to provide nursing service to people at home, at school, at work and at clinics, so that individuals, families and the community as a whole will be helped to achieve and maintain optimum health.

Your public health nurse, a member of the staff of the Division of Public Health Nursing, submits the following summary of services in your community for the year 1969:

Immunizations	Preschool	School
Diphtheria, Whooping Cough, Tetanus	6	
Diphtheria, Tetanus		11
Smallpox	4	4
Oral Poliomyelitis	10	
Measles	1	1

Activity	
Physical Examinations	14
Audiometer (Hearing) Tests	8
Tuberculin (Tine) Tests	15

Home visits have been made to expectant mothers, infants, preschool and school children and adults. Some of these visits have been concerned with those attending special service clinics, such as: orthopedic, pediatric, cardiac, epileptic, mentally retarded, cystic fibrosis, vision and hearing

defects, speech evaluation, maternal infant care and family planning. These services are available on request of a physician.

To protect your preschool children, they were invited to attend the Eastbrook-Waltham Child Health Conferences where physical examinations and immunizations were provided. Several visits have been made to the school to confer with teachers about children with special health problems.

A successful public health nursing program does, and should, depend largely upon the interest, support and volunteer work of the local people, individually and through organized group effort.

Your public health nurse wishes to take this opportunity to thank Dr. Cushman, Mrs. Harvey Jordan, volunteers and all others who participated in the health program.

Respectfully submitted,

ANNUAL REPORT OF

Public Health Nursing Services

IN WALTHAM IN THE YEAR 1970

The prevention of disease and the promotion of health is the goal of every public health program.

Your public health nurse, a member of the staff of the Division of Public Health Nursing, submits the following summary of services in your community for the year 1970.

Type of Immunizations	Preschool	School
Diphtheria, Whooping Cough, Tetanus	2	
Diphtheria, Tetanus		13
Smallpox	1	2
Oral Poliomyelitis	4	14
Rubella	3	23
ACTIVITY		
Medical Examinations	17	7
Tuberculin Tests		12

Audiometer (hearing) tests will be done at a later date.

Home visits have been made to expectant mothers, infants, preschool, school children and adults. Some of these visits have been concerned with encouraging attendance at special clinics, such as: orthopedic, pediatric, cardiac, speech and family planning.

To protect your preschool children, they were invited to the Eastbrook-Waltham Child Health Conference where medical examinations and immunizations were provided. Se-

veral visits have been made to the school to confer with teachers about children with special health problems.

A successful public health program does, and should, depend largely upon the interest, support and volunteer work of local people, individually and through organized group effort.

I wish to express my appreciation for the support given by Dr. Cushman, Mrs. Harvey Jordan, volunteers, school personnel and other interested citizens.

Respectfully submitted,

ENID A. SUMNER, R.N.

Public Health Nurse.

In accordance with Chapter 90-A, revised statutes of 1954, we have made an audit of the financial records of the Town of Waltham, Waltham, Maine for the period March 1, 1969 to March 3, 1970.
